

Become a citizen science ambassador

The call launched by the European Citizen Science project is open

What is the Call for Citizen Science Ambassadors about?

28 Citizen Science Ambassadors (EU-27 + the UK) will be selected to create a network to support ECS activities, raise awareness and strengthen citizen science in Europe. The Citizen Science Ambassadors will act as the local representatives and promoters of citizen science and the ECS project in their respective countries.

Who are we looking for?

People with different profiles and expertise: citizen science practitioners, project coordinators, researchers, policy-makers, etc. with expertise in citizen science, public engagement, participatory research, open science, and other related fields are welcome.

How to apply?

Go to the call, read the [Guide for Applicants](#) and apply by **29th June 2023, 17:00 CEST**:

https://eu-citizen.science/call_ambassadors/

Citizen science

Citizen science is any activity that involves the public in scientific research. People can participate in many stages of the scientific process, from the design of the research question to publication and dissemination of results. Citizen sciences can also be used as a part of a broader scientific activity.

ECSA Characteristics of Citizen Science:
<https://zenodo.org/record/5127534#YR98rkBCRhE>

The European Citizen Science (ECS) project has received funding from the European Union's Horizon Europe Framework Programme for Research and Innovation under grant agreement No. 101058509.

The European Citizen Science project

ECS is an EU-funded project with the overall objective to widen and strengthen the European citizen science community through capacity building and awareness raising activities.

Our vision is a globally connected, inclusive and strong citizen science community for societal change in Europe.

What do you get from being a citizen science ambassador?

You will be part of a growing network with many opportunities: peer-learning, visibility, training and capacity-building, events, access to project insights... And lastly, you will also receive a payment of 2.000 €.
